### **BigWallet® Brings Google Pay to Customers**

BigWallet cardholders can now tap to pay with Google Pay wherever contactless payments are accepted. The Google Wallet provides a fast, easy and safe way to pay with any Android phone or Wear OS device.

Vilnius – 21 March, 2023 – **BigWallet®** (operating under a legal name *Silvergate LT UAB as an Electronic Money Institution licensed by Bank of Lithuania with authorization code LBO01875*), today brings its customers a new innovative payment solution - Google Pay. The solution is available for all BigWallet cards and the customers now can use Google Pay to make purchases in stores where contactless payments are accepted or pay in apps and websites wherever Google Pay is accepted.

Besides Lithuania, BigWallet is launching Google Pay also in Poland and Cyprus.

All Android users can now add their BigWallet cards to their Google Wallet directly in app, which has recently been made available in all three countries. Google Pay brings lots of benefits for BigWallet cardholders, it's a fast, simple way to pay online, in-app, and in-store using the cards saved to the user's Google Wallet. With Google Pay, BigWallet cardholders can complete transactions easier and faster by tapping their phone for secure contactless payments. Google Pay saves customers from handing their payment cards to anyone at the point of payment, touching physical buttons or exchanging cash, enjoying full security and information protect at every transaction.

Google Pay is easy to set up. On your Android device, any BigWallet debit card, virtual or physical, can be added directly from the BigWallet app. Alternatively, simply open the Google Wallet app, tap "add the card", and follow the steps to add any of you BigWallet debit cards. Once a customer adds a card to the Android device, they can start using Google Pay right away. Customers will continue to receive all of the rewards and benefits offered by BigWallet cards.
